

Declarations of Interest for Management Committee Members 2025

All Management Committee members must complete an annual Declaration of Interests form to ensure that any interests which exist or have arisen throughout the previous year can be recorded and managed appropriately.

The Association's Rules stipulate that Management Committee members must declare any conflicts of interest at meetings if they are relevant to an item for discussion. They will be required to leave the meeting for the duration of the matter being discussed, and they will not be permitted to cast a vote related to that matter. If the member is inadvertently allowed to remain in the meeting, their vote will not be counted.

Similarly, the Association sets and periodically reviews its policy on Entitlements, Payments and Benefits. Association staff and Management Committee members must not receive any payments or benefits unless permitted by this policy.

The Governing Body Code of Conduct contains further guidance on Declaring Interests that should be fully complied with.

Once submitted, the Chairperson and Chief Executive will review any declarations made in order to note any steps which require to be taken to ensure they can be managed accordingly.

Information relating to declared Registers of Interest will be kept securely and in line with our Data Retention Policy.

If your circumstances change during the year, it is your responsibility to inform us about a potential conflict of interest. Examples could involve instances where you or someone close to you:

- Is a tenant of the Association, or lives in a property which receives its Factoring services;
- Has a personal, business or financial interest in any matter relevant to the Association's activities;
- Has received goods or services from one of the Association's suppliers or contractors;
- Is a member of any other organisation active in the same field as the Association, or whose activities may affect our business

If you are not sure whether a certain matter needs to be declared, you should seek guidance from the Chairperson or Chief Executive. If doubt remains, then it is recommended that you declare the matter.

Declarations of Interest for Management Committee Members 2025

All Management Committee members must complete an annual Declaration of Interests form to ensure that any interests which exist or have arisen throughout the previous year can be recorded and managed appropriately.

The Association's Rules stipulate that Management Committee members must declare any conflicts of interest at meetings if they are relevant to an item for discussion. They will be required to leave the meeting for the duration of the matter being discussed, and they will not be permitted to cast a vote related to that matter. If the member is inadvertently allowed to remain in the meeting, their vote will not be counted.

Similarly, the Association sets and periodically reviews its policy on Entitlements, Payments and Benefits. Association staff and Management Committee members must not receive any payments or benefits unless permitted by this policy.

The Governing Body Code of Conduct contains further guidance on Declaring Interests that should be fully complied with.

Once submitted, the Chairperson and Chief Executive will review any declarations made in order to note any steps which require to be taken to ensure they can be managed accordingly.

Information relating to declared Registers of Interest will be kept securely and in line with our Data Retention Policy.

If your circumstances change during the year, it is your responsibility to inform us about a potential conflict of interest. Examples could involve instances where you or someone close to you:

- Is a tenant of the Association, or lives in a property which receives its Factoring services;
- Has a personal, business or financial interest in any matter relevant to the Association's activities;
- Has received goods or services from one of the Association's suppliers or contractors;
- Is a member of any other organisation active in the same field as the Association, or whose activities may affect our business

If you are not sure whether a certain matter needs to be declared, you should seek guidance from the Chairperson or Chief Executive. If doubt remains, then it is recommended that you declare the matter.
